Metabolic basic  
and natural  
ingredients  
Food supplement  
for adult dogs

**Metabolic tonic and natural restorative. Food supplement for adult dogs**

**LONGLIFE is the perfect nutritional supplement to compliment the daily diet and recommended in the following situations:**

- **Times of greater physical and emotional stress (travel, pregnancy / lactation ...).**
- **Dogs with high energy and nutritional requirements (breeding, cold weather, mushing, agility and working dogs in general).**
- **Times of convalescence, loss of body condition or decreased appetite (leishmaniasis, etc ...)**
- **Older dogs.**

#### LONG LIFE

Composition: powdered egg (source of vitamins, minerals and protein of high biological value), dehydrated chicken protein (source of highly bioavailable amino acids), chicken liver concentrate (source of molecules essential for proper metabolism), serum dehydrated milk (source of vitamins, minerals and protein with one of the highest biological values in nature), hydrolyzed cereal (source of easily digestible and rapidly metabolized energy), unsaturated oils (omega 3 and omega 6 for cardiovascular health, lipid metabolism, inflammation ...)

• Analytical constituents: protein (23%), crude oils & fats (23%), crude fiber (3%), crude ash (6%), calcium (1.3%), phosphorus (1%)
